Colinshiel Farm, Bathgate Road, Armadale, West Lothian, EH48 2PE

- 21.5 Acres (8.70 hectares)
- Residential Development Opportunity
- Identified in the LDP for Residential
LOCATION

Armadale is a traditional West Lothian town with good links to both Glasgow and Edinburgh.

The subjects are located approximately one mile to the north of Armadale Train Station which is on the main Glasgow to Edinburgh line. In addition, the subjects benefit from five local primary schools in the immediate vicinity, whilst Armadale Academy is located approximately one mile to the west of the subjects.

Armadale is well served by local shops, an Xcite Swimming Pool/Gym and benefits from an Asda Supermarket located close to Armadale Train Station.

Polkemmet Country Park and Whitburn Leisure Centre are located within a 10 minute drive of the subject property.

SITE DESCRIPTION

The land for sale extends to approximately 21.5 acres (8.70 hectares). The residential development opportunity has a well positioned edge of town location with the site providing attractive views over the neighbouring countryside.

PLANNING

The West Lothian Local Development Plan (LDP) was adopted in September 2018.

The land is identified for residential development (allocation H-AM 5) in the adopted LDP. This allocation identifies 20 hectares of land for residential development with an indicative capacity of 135 units. The table below sets out the details of this residential allocation and site delivery requirements.

The land also forms part of the wider Armadale Core Development Area (CDA). POLICY CDA 1: Development in the Previously Identified Core Development Areas details that:

“The Council will continue to support housing and mixed used development within those parts of West Lothian previously designated Core Development Area (CDAs) in Armadale, East Broxburn/ Winchburgh and Livingston & Almond Valley subject to the preparation of master plans to be approved by the Council. Infrastructure requirements are identified in Appendix 2 and further details will be provided in subsequent supplementary guidance and the Action Programme. Any related planning obligations will require to meet the policy and legal tests set out in Policy INF 1.

Planning conditions and legal agreements will be used to secure infrastructure funding and proper phasing of development. Developer contributions will be sought in accordance with Scottish Government Circular 3/2012 ‘Planning Obligations and Good Neighbour Agreements’ , as interpreted by emerging case law and amended by subsequent amendments and legislation. Contributions will also be required to remedy deficiencies in local facilities and amenities which result from proposed developments.

A diversity of house types, tenures and densities must be provided within these areas. Within the mixed use areas net housing densities shall average at least 25 residential units per hectare. Affordable housing shall be provided within the previously identified CDAs in accordance with policy HOU 4 (Affordable Housing and relevant Supplementary Guidance).”
